Dear Paul.

I am that after a few hours today the stock
exchange will be closed the rest of the week. Well I am
not figuring on how you came out of the Cornuda. Any
how don't worry about any of it. We will live just as
long & have as much fun. It was sure some
land slide. We might think of the millions who came
out worse than we did. Of course if you need any of
my stuff or require to first National use it, but I
would not unless it means safe. You may have used it
before in which case it is all right. We sent for
home on Nov 28th "The Geo Washington will be 9
days to N.Y. shall stay there two days at Belmont. You
might have a letter then for me

Sincerely
O.D.
